JCIC Meeting on September 17

Just a reminder - the next JCIC meeting will be Wednesday, September 17, at 10 AM.

Complete CPT Code List on Web

Appendix D in the Data Submission Guide contains only the Behavioral Health subset of the CPT codes. However, when the Event Editor checks field FA0-9, it uses the entire set of valid CPT codes. For this reason, we have made the list of acceptable CPT codes available at http://mhmr.chs.ky.gov/CMHC/cmhc_data_guide.asp, under "Reports". The report name is "DSG_CMHC_CPT – CPT Codes Listing."

Human Resources Possible Errors for Separated Staff

Human Resource records for staff who have been separated are still being edited for valid codes in fields 1-9. However, any errors in these records (such as an invalid Date of Birth) are counted as Possible Errors only, and are not accumulated or counted against the Centers.

HIPAA Deadlines

Don't forget, the deadline for Centers to submit data to payors exclusively in HIPAA format is October 15th. We at RDMC will accept Event Data in both NSF and HIPAA formats through the end of Fiscal Year 2004.
